Past week accomplishments
1. Completed Project Showcase Template
   a. Add showcase page to site
   b. Create and delete projects
   c. View project details
   d. Reorder Projects

Project Showcase Page

<u>Project Page</u>

2. Refactored routing and api requests
    a. Moved all routing to a base router to make routing more consistent
    b. Improves search engine scraping
    c. Makes the application less dynamic
3. Demoed Milestone 4
    a. Gallery Template
   b. Blog Template
    c. Showcase Template
    d. 2 themes

Individual Contributions

Team Member	Contribution	Weekly Hours	Total Hours
Andrei		0	4
Joshua	Completed Log In Template	2	6
Bennett	Complete Showcase Template	4	18
Robert	Refactored routing in the web app	5	18
Ty	Research different content themes to dynamic and how to render the different templates (see below for example Themes)	5	18

Pending Issues

- Complete image uploading template - Bennett
  - Still need to get image uploading to work for home template
  - Need to create a custom media store
  - Once image uploading works, we need to rework some of our templates to use this image uploading
- Test some finished issues - All
  - We still have several issues in our testing columns that need unit tests
- Meet with our faculty advisor on 03.02.2021 - All
- Begin work on Milestone 5 - All
  - Google maps integration
  - More themes
  - Build out sample content for at least 3 pages
  - Image uploading
