   d. Additional CSS theme
2. Completed Mediastore
   a. Images now render in media manager and can be added to the site

Media Manager with Images

Site with Images

3. Inline block editing
    a. Implemented inline editing using blocks:
        i. Details
        ii. Details with Image
        iii. Quote
        iv. Title and body
    b. Users start with a mostly blank template and can add, delete, reorder blocks as they see fit
    c. Implements sample content for the following pages:
        i. About
        ii. Employees
        iii. Privacy Policy
   iv. Process
   v. Services

Inline Editing

Minimal Theme
- Additional theme that changes the color of the navbar and most of the site
- Users can also change the color of their site title

Minimal Theme

Accent color

Company

Company Name *

dsa

Domain *

dasa

Pending Issues
- Leftover Demo 5 issues
  - Make sure text in iframes are still visible with different themes
  - Refactor editing to use inline editing- Bennett
  - Add address to longitude/latitude conversion
- Test some finished issues - All
  - We still have several issues in our testing columns that need unit tests
- Begin work on Milestone 6 - All
  - SEO optimization
  - Build out sample content for remaining pages
    i. Testimonials
  - BT Reviews Integration
- Demo Milestone 6 on 04.27.21 - All
